

## Consumer Compliance Solutions

# HMDA *Wiz*®

### Easy and Affordable HMDA Management

HMDA *Wiz* is an easy-to-use, web-based tool for HMDA management and reporting. More powerful than the FFIEC software, HMDA *Wiz* gives you more robust reporting and data prep functionality but at a cost that still fits your budget. Get up and going quickly and easily receive new releases without involving IT resources. Proceed with confidence with a solution from a recognized leader in HMDA and CRA regulatory compliance. And leave it to us to monitor changes to the regulatory requirements.

### Easy Access and Web Updates

All you need is internet access and a browser to log into your organization's secure site. This fully hosted solution reduces the cost of ownership and maintenance while increasing access and usability. You'll enjoy seamless installation and updates, without the need for IT intervention or client-side installation. Best of all, you'll automatically receive updates with the latest FFIEC defined edits, HUD Median Income levels, and Geocoding data. Let us focus on the requirements so that you can focus on your data.

### Grows with You

We combined our compliance-grade geocoding and data formatting best practices in a unified, turn-key solution to get you ready to tackle your submission. And with instant access to national geocoding, our solution grows as your institution grows. Easily expand your lending into a new state or a new region without adding cost.

### The Power of the *Wiz*

Get the reliability and accuracy you expect from the industry leader in CRA and HMDA at a cost that fits your budget. Confidently prepare your data using the same compliance management functionality used by the examiners of most government regulatory agencies. With over 70% of HMDA LARS submitted by *Wiz* products, you can take comfort in adopting the same functionality as many of your peers. And like every *Wiz* offering, HMDA *Wiz* is built on a deep understanding of the way compliance professionals work – and a commitment to help tackle compliance challenges.

### Benefits of HMDA *Wiz* Automation

**Accurate data prep and submission** - HMDA *Wiz* includes geocoding, editing, analysis, and all necessary tools to comply with HMDA reporting requirements.

**Custom reports to help communicate lending activity** - HMDA *Wiz* has pre-programmed reports to help you analyze, monitor and audit performance.

**Real-time auditing** - Browser-based data entry and editing allows real-time auditing of all your HMDA data.

## Ramp up Fast and Submit on Time

Get up to speed and down to work quickly. HMDA *Wiz* is designed around a simple four-step workflow to put you in the driver's seat and on your way to an on-time and accurate submission:

- 1. IMPORT:** Simply follow an intuitive wizard to import a file from your LOS system. Or, if using an integrated Loan Origination System you can import at the click of a button.
- 2. EDIT:** Quickly perform all essential HMDA compliance functions on your data including: geocoding, rate spread calculations, and HMDA FFIEC edit checks. Our user interface makes the data preparation process simple, error-free and fast.
- 3. REPORT & ANALYZE:** Effortlessly generate the LAR and public LAR report. Monitor key performance indicators with dashboards to stay on top of your compliance status.
- 4. SUBMIT:** When February comes, you can simply create your submission file based on the data that you have prepared throughout the year. You can feel confident that the file will be edit free and avoid last minute scrambling and costly resubmissions.

## Secure and Reliable

We invest heavily in technology to create a secure, comprehensive platform based entirely on Internet technology standards and advanced security protocols. Our platform is built on a Microsoft .Net, SharePoint, and SQL Server infrastructure. We continue to make significant investments in the area of audit compliance. Our data centers reside in a Tier 1, Class A Data center, providing a high level of service availability, disaster recovery and fault tolerance.
