

Wiz[®] Basic

Does thinking about your recent HMDA submission give you a headache?

Make sure submission goes smoothly by using *Wiz Basic* HMDA management software – used for more than 70 percent of all HMDA submissions.

Wiz Basic is a HMDA compliance solution that is integrated with many lending platforms. *Wiz Basic* will reduce the amount of time and energy you spend on HMDA so you can get back to the business of lending.

Just imagine:

- No more cumbersome importing and exporting of your loan files
- No more downloading and maintaining HMDA software
- No more correcting errors in your HMDA software data AND in your LOS
- No more geocoding all of your loans manually, and wondering if your submission file will meet regulatory muster

Benefit from Our Expertise

With *Wiz Basic* there is no need to re-key data or import data as you can perform the following HMDA-management tasks directly from your lending platform:

How to License *Wiz Basic*

Wiz Basic is directly integrated with many loan origination systems including:

HMDA Submission

- Increase productivity and simplify processes through automated submission
- Eliminate hassle of exporting and importing data to another product. Submit data directly from your LOS.

HMDA Edit Checks

Improve data quality throughout your organization by testing for accuracy and compliance at the front end of the loan process.

Reporting

View basic reports for a broader view of your institution's loan application register and understand errors present in files, prior to submitting data to the regulators.
